**Oregon Applied Sustainability Experience (OASE) - Call for student applications!**

Dear students,

The Oregon Applied Sustainability Experience (OASE) is offering paid internships for its 10-week program this summer. Internships are open to any student in Oregon who are juniors or seniors or have obtained graduate or advanced undergraduate training in business, economics, engineering, environmental science, green chemistry, physical science, or sustainability science. Projects address pollution prevention solutions for Oregon businesses and pair students with an industry mentor to gain hands-on experience in project development and management, as well as science communication to interdisciplinary audiences. Project topics include energy or water audits, toxics reduction, green chemistry, and life cycle assessment.

Application materials include a brief résumé, transcripts, and short statement expressing your interest (how you might benefit from the opportunity and how your skills align with the project(s) of interest). More details about application requirements and the available positions are provided on our website:

<https://seagrant.oregonstate.edu/fellowships/oregon-applied-sustainability-experience>

**For full consideration, submit your application by April 12.** Applicants will be matched to the opportunities based on experience and interest areas. Program dates are June 17 through August 30, 2019; stipends and training will be provided to eligible students. Please contact Valerie Stephan-LeBeouf ([stephan.valerie@deg.state.or.us](mailto:stephan.valerie@deg.state.or.us)) for more information

**2019 OASE Host Businesses:**

1. AntFarm; Sandy, OR
2. Grand Central Bakery; Portland, OR
3. Stumptown Coffee Roasters; Portland, OR
4. East West Tea Company, LLC (Yogi); Eugene, OR
5. Green Hammer; Portland, OR

**Job/Internship Posting Information:**

When conducting your job or internship search it is important to be aware of any possible misrepresentations that may exist. Therefore, we encourage you to read the following information so that you avoid any unfortunate situations.

Oregon State University College of Agricultural Sciences (CAS) makes no representation, warranty or guarantee about the positions listed. CAS does not prescreen employment or internship opportunities that are submitted. By using the resources available, you are assuming full responsibility for your safety, security, wages, working conditions, fraudulent, or other aspects of any off-campus employment/internship opportunities that you discover while using CAS resources.

**Job, Internship and Scholarship Opportunities:**

**Please share this funding opportunity with students planning summer/fall 2019 internships**

E.R. Jackman Friends and Alumni continue to generously contribute to the Internship Support Program. This program provides money to undergraduate students in the College of Agricultural Sciences who are participating in volunteer or low-paying internships or internships that have expenses such as travel or special equipment. [Please keep this opportunity in mind when advising students.](#) This support should be especially useful for those students in programs which require an internship.

Attached is the 2018-2019 E. R. Jackman Friends and Alumni Internship Support Program application. Please share this application with all advisors and interested students. Applications for students doing internships during summer/fall terms 2019 are due **April 19, 2019.**

Please note: There is additional support from the Global Experiences Fund available to those applying for an ER Jackman Internship experience that is international; preference for support from the Global Experiences Fund will be to highly ranked applicants who are seeking support for their first international experience.

*Student do not need to provide any additional information with their applications to be considered.* We hope awareness of this support for international internships will encourage more international applications.

Please contact Paul Dorres at 737-5655 or Dale Weber at 737-2144 for more information.

### **Rain Sweet Job Openings:**

Please find attached a job description. They are hoping to hire 2-3 assistants who will work with us throughout the summer months as well as to work part time in advance for training (if available).

I am happy to answer any questions that you or prospective assistants might have. We have started some preliminary interviews so the sooner we hear from people who may be interested the better.

**Oregon Flowers, Inc. Greenhouse Grower:**

Please see attached flier.

**Summer Employment:**

Attached is a flyer soliciting undergraduate student employees for the Endophyte Service Lab. We still need 5 more employees, and the positions can start immediately. Some lab experience desired but not required - extensive training is provided. Students could start their training during Spring term, then work hours can ramp up to essentially full time if desired over the summer term.

If you could circulate or post the attached flyer as you feel appropriate, we would be most appreciative. I sent it to some of the department heads, but if you have a mechanism to directly inform students that would be terrific.
