Please share this funding opportunity with students planning summer/fall 2022 research/internships

E.R. Jackman Friends and Alumni continue to generously contribute to the Internship Support Program. This program provides money to undergraduate students in the College of Agricultural Sciences who are participating in volunteer or low-paying research/internships or research/internships that have expenses such as travel or special equipment. Please keep this opportunity in mind when advising students. This support should be especially useful for those students in programs which require an internship.

Attached is the 2021-2022 E. R. Jackman Friends and Alumni Internship Support Program application. Please share this application with all advisors and interested students. Applications for students doing research/internships during summer/fall terms 2022 are due April 22, 2022.
Please note: There is additional support from the Global Experiences Fund available to those applying for support of international internships/research experiences; preference for support from the Global Experiences Fund will be to highly ranked applicants who are seeking support for their first international experience.
