Students,

Good morning. Hope that the first week went well.

Weekly Info next week will come out on Tuesday, January 18 as Monday, January 17 is a Holiday and there are no classes.

**Add/Drop Deadline:**
Starting this week, if you need to add a class you will need to get an override from the Department offering the course. In addition, this is the last week that you can add a class. If you need to drop a class, it will actually be a withdrawal and the W is on your transcript. The W won’t be factored into your overall GPA. You also receive 50% tuition back this week and next week. The final day to withdraw will be at the end of 7th week and I will send more information about that later.

**Job/Internship Posting Information:**

When conducting your job or internship search it is important to be aware of any possible misrepresentations that may exist. Therefore, we encourage you to read the following information so that you avoid any unfortunate situations.

Oregon State University College of Agricultural Sciences (CAS) makes no representation, warranty or guarantee about the positions listed. CAS does not prescreen employment or internship opportunities that are submitted. By using the resources available, you are assuming full responsibility for your safety, security, wages, working conditions, fraudulent, or other aspects of any off-campus employment/internship opportunities that you discover while using CAS resources.

**What Are Government Jobs Like & How Do I Get One? *Popular Annual Event!***
If you are at all considering getting an internship at or someday working at a government agency, *it may be trickier than you think to get your foot in the door*. But we have some government insiders from federal, state, and local government to give you the rundown on what working for the government is like and how you can do it too. Will include a presentation on the basics of government applications and then a panel discussion answering YOUR questions.

**Tuesday, February 1 - (5 to 6:30 p.m. PT)**
Peavy Hall #117. (Will be livestreamed too.)
Register on [Handshake](#) today!

**Panelists:**
1. Sarah L. Lewis, State Geologist, **OR Geology & Mineral Industries** (State)
2. Nicole Hams, Science Communication, Outreach Biologist, **U.S. Fish & Wildlife** (Federal)
3. Dean Anderson, Hydrologist, U.S. Forest Service (Federal)
4. Wallace Jennings, Soil Conservationist, USDA: Natural Resources Conservation Svc. (Federal)
5. D'Anne Hammond, GIS Specialist, Benton County Public Works (Local Govt.)
Ask Your Classmates About USAJobs Pathways, NOAA Hollings, & NASA Develop (Virtual Q&A)

Thursday, January 13
5:00 pm - 6:00 pm PT
Register on Handshake today!

Why not get some advice from your classmates who’ve been successful in getting really neat national internships. Featuring panelists talking about NASA Develop, NOAA Hollings, and USAJobs Pathways.

Student Panelists:
- Susan Jarvis, NASA Develop, 2021 Geography & Geospatial Science graduate
- Julia Rankin, NOAA Hollings, Environmental Sciences (Honors), Junior
- Sash Weese, NOAA Hollings, Environmental Sciences, Senior
- Tadonisha Campos Mejia, Pathways, Fisheries & Wildlife Sciences, Senior
- Zena Greenawald, Pathways, Bureau of Indian Affairs, Natural Resources & Sustainability, Senior

Join the virtual discussion NEXT WEEK!

ASK Alumni Virtual Panel: Careers that Impact Climate & Energy

Tuesday, January 25
6:00 pm - 7:00 pm PT (Virtual)
Register on Handshake!

Hosted by the OSU Alumni Association, this panel will bring in panelists who are OSU graduates to talk about how they have made careers out of making an impact on climate science, climate change, energy, etc. This panel will feature alumni from the College of Earth, Ocean, & Atmospheric Sciences. All OSU majors and programs are invited to attend (including students outside of CEOAS). Bring your questions and learn about a field that makes a difference and what could be possible for you. Unique networking and learning opportunity.

- Jeff Burright, Radioactive Waste Remediation Specialist, Oregon Department of Energy
- Erica Harris, Coastal and Climate Adaptation Specialist, AECOM
- Michael Kula, Team Leader, Solar Energy Assessment, DNV GL
• (May be 1-2 more panelists. TBD!)

Featured Programs & Career-Building Events for January

• **Hispanic Access Foundation’s MANO Project/ U.S Fish and Wildlife Directorate Resource Fellows**: Offers enriching internship experiences nationwide for Latinx college students and upcoming professionals who are passionate about the outdoors, geography, community engagement, public lands, cultural resources, and natural resources. - Deadline: January 7. Applications can be submitted at: MANO Project (open to undergrads and grad students)

• **Grad School Application: Personal Statement Workshop – January 12 @ 12 PM** Personal statements are an important part of graduate school applications and can often be stressful to draft. Join the OSU Writing Center as we introduce personal statements, talk through strategies for structure and content, and review a sample statement together. You’ll learn about strategies for drafting your own statement and resources to support your writing process. Writing workshops are 50 minutes and hosted via Zoom. Register here.

• **National Labs & Government Agencies Virtual Career Fair – January 19** Sign up now for the 2022 National Labs and Government Agencies Fair to learn more about careers, entry-level positions and internship opportunities at national laboratories and research centers! This virtual event is **free and open to all STEM students, first year-grad students and recent graduates. Register for your sessions now- Register Now!**. The fair will take place on January 19, 4:00pm-6:00pm PT.

• **ORISE STEM internship & fellowship info session: (Noon-1 p.m.) – February 16**. The Oak Ridge Institute for Science and Education (ORISE) connects college students, recent grads, postdocs and faculty to programs closely aligned with the interests of a variety of research facilities,
including those managed for the U.S. Department of Energy and other federal agencies. Join this info session to learn more about STEM internships and fellowships available via ORISE.

**Looking for Some Low Key Experience? Try Volunteering.**

OSU is organizing volunteer projects for these organizations of interest to students in AgSci/CEOAS/CoF. Register for any of the events or service projects on the Community Engagement & Leadership homepage.

**OSU ScholarDollars**: Oregon State’s new online scholarship search and application system, ScholarDollars, is now accepting applications for more than $50 million in 2022-23 scholarship funds. OSU students may complete one application to be considered for more than 1,600 campus-based scholarship opportunities. Students are encouraged to submit their ScholarDollars applications between Nov. 1, 2021, and Feb. 1, 2022, to maximize the number of scholarships for which they will be considered. [https://scholarships.oregonstate.edu/scholardollars](https://scholarships.oregonstate.edu/scholardollars).

That is all I have for now.

Have a good week.
Tjodie
