Have you heard of Focus 2 yet?
It’s OSU’s free career self-assessment tool. Students login in through the career.oregonstate.edu website and then can take 1-4 assessments of their work interests, hobbies, values, and personality and then get matched with career path possibilities from the Bureau of Labor Statistics (with all the information on salaries, qualifications, job duties, etc.) Students can save occupations and retake or update the assessments as many times as they like. It's quick (15-30 mins) and fun. If you have a student who has no idea what direction to head with their career, refer them to Focus 2 as a great introductory step.
