Students,

Good morning. The term is just flying by. Here we are at Week 4 already. Hope everyone is doing okay. I will be sending out the Spring Term Registration information next week, Spring Term registration will begin Sunday, February 23. Here are some announcements for this week.

**Accelerated Master’s Platform (AMP):**
We have a program here that you can apply to our MS program during your Junior year. You need to have a 3.25 GPA and have completed 105 credits.

The application deadline will be Friday of Finals Week this Winter Term **Friday, March 20**. You apply through the Graduate School website. You will need to make sure you find the AMP application. In addition, you will need a code from myself. You won’t be charged an application fee.

How does it work? Successful applicants can apply a maximum of twelve graduate credits taken during their undergraduate senior year to both their undergraduate and master’s degrees. Students in this program will complete the same requirements as all MS students in Applied Economics, including choosing an area of concentration. If you have any questions on this, you can talk to me when you come in for Spring Term advising or if you want to schedule, a separate appointment that would be fine.

When conducting your job or internship search it is important to be aware of any possible misrepresentations that may exist. Therefore, we encourage you to read the following information so that you avoid any unfortunate situations.
