Students,

Hope you had a good weekend. Here are some announcements for this week. Also, just to let everyone know the Fall Registration schedule is out. I do have Fall PIN's so you can start to schedule your meeting with myself. I will be sending a separate email about Fall Registration next. Fall Registration will begin on Sunday, May 19.

**Last day to change to S/U Grading and Withdraw from a class:**
The last day to change from A/F to S/U grading is Friday, May 17 and you will need a form signed by myself. I have those in my office. If you need to withdraw from a class that you will do online, just as you would drop a class, but it will say withdraw and remain on your transcript. In addition, to let you know if you plan to withdraw from all of your classes, the Registrar’s Office has put in a survey before you withdraw from you last class. You would need to complete the survey before you completely withdraw from all of your classes. Again, if any of you has any questions on any of this, please contact me.

**Department of Applied Economics Students’ Choice Outstanding Teacher Award:**
This award recognizes an instructor in the Department of Applied Economics who has demonstrated excellence in teaching, provided an engaging and meaningful learning environment within her/his course, and meant or exceeded your expectations for professionalism in and beyond the classroom.

This Award is an annual award. Undergraduate students in the Department of Applied Economics base the selection of the Award recipient entirely upon the votes.

To vote, come to my office, Room 208 Ballard Extension Hall. I will have ballots and a voting box for your use. The deadline for voting will be **Friday, May 31, 2019**. You can do this when you come in for Fall Term advising.

Summer Registration is currently underway if you plan to be around OSU this Summer or want to take classes online. You don’t need a PIN to register. However, if you have some questions on what classes to take, please remember to check with myself.

**Internships for the Summer:**
If you are planning to do an internship or projects this Summer. Please remember you need to be in touch with Larry Lev (ABM) at larry.lev@oregonstate.edu or Dave Lewis (EEP) at lewisda@oregonstate.edu to get this approved before you start. An agreement form needs to be completed before you start. They can be found on our Departmental website.

**Internship Presentations for Spring Term:**
Please see the schedule below for the internship presentations. You are welcome to attend any of these. The internship/project presentations will be in our conference room 200C Ballard Extension Hall.

**Internship/Project Presentations - Spring 2019**
**Place: Ballard Extension Hall 200C**

**Job/Internship Posting Information:**

When conducting your job or internship search it is important to be aware of any possible misrepresentations that may exist. Therefore, we encourage you to read the following information so that you avoid any unfortunate situations.

Oregon State University College of Agricultural Sciences (CAS) makes no representation, warranty or guarantee about the positions listed. CAS does not prescreen employment or internship opportunities that are submitted. By using the resources available, you are assuming full responsibility for your safety, security, wages, working conditions, fraudulent, or other aspects of any off-campus employment/internship opportunities that you discover while using CAS resources.

**Job, Internship and Scholarship Opportunities:**
Here is the link for jobs and internships. Please check it out. http://agsci.oregonstate.edu/appliedecon/undergraduate-program/opportunities-employment-internships-scholarships

CEFS Sustainable Agriculture Apprentice:

Center for Environmental Farming Systems Call for Applications for the 2019 Sustainable Agriculture Apprenticeship Program

Overview

The Center for Environmental Farming Systems’ Sustainable Agriculture Apprenticeship Program is seeking highly motivated individuals from a variety of different backgrounds to participate in a hands-on work and study program that trains participants in many aspects of sustainable agriculture production and research.
Apprenticeships are offered in several different focus areas; apprentices apply to the specific apprenticeship that best fits their skills, interests, and goals. The 2019 Sustainable Agriculture Apprenticeships are being offered at CEFS’ Field Research, Education, and Outreach Facility at Cherry Research Farm in Goldsboro, NC and at the NC State University Agroecology Education Farm in Raleigh, NC. Apprenticeship appointments are for six months with a flexible start date.

During that time, Apprentices will have the opportunity to:

- Immerse oneself in agricultural production and field research, spending up to 40 hours a week as an integral part of a team
- Work with a highly diverse team of educators from North Carolina State University, North Carolina Agricultural and Technical State University and the North Carolina Department of Agriculture and Consumer Services
- Interact with other Apprentices at various research units and sites
- Participate in field trips to local farms

Requirements:

- High school diploma
- Must be able to lift up to 45 pounds
- Ability to work outdoors in inclement weather (cold, heat, humidity, rain, pollen)
- Ability to work on repetitive tasks
- Ability to work well in a team as well as individually
- Good communication and organizational skills

Application Process:

Applicants are required to apply through the North Carolina State University Jobs Website. Required steps include completing an online application and submitting a cover letter (stating your interest in the Apprenticeship Program and why you would be an excellent candidate), resume, and contact information for 3 references.

Current Apprenticeship Descriptions and Details:

- **SMALL-SCALE ORGANIC VEGETABLE PRODUCTION AND RESEARCH**
  - Location: CEFS’ Small Farm Unit at Cherry Research Farm, Goldsboro, NC
  - Required Commitment: 6 months, start date flexible

- **SUSTAINABLE FARMING SYSTEMS RESEARCH AND ANIMAL MANAGEMENT**
  - Location: CEFS’ Farming Systems Research, Dairy and Swine Units at Cherry Research Farm, Goldsboro, NC
  - Required Commitment: 6 months, start date flexible
CEFS’ Sustainable Agriculture Apprenticeship Program Offers:

Apprentices receive $8.00/ hour. (All applicable payroll taxes apply). There is no meal plan or food stipend. Apprentices must have their own transportation. Housing may be available near the farm for a small monthly fee.

*For more information about CEFS' Sustainable Agriculture Apprenticeship Program, please visit the [CEFS website](http://www.cefs.org).*

That is all I have for now.

Have a good week.

Tjodie
