Students,

Good morning. Happy middle of the term. Hope you had a good weekend. Here are some announcements for this week. Also, just to let everyone know the Fall Registration schedule is out. I do have Fall PIN's so you can start to schedule your meeting with myself. I will be sending a separate email about Fall Registration next. Fall Registration will begin on Sunday, May 21.

**Last day to change to S/U grading or withdraw from a course:**
The deadline is Friday, May 19. You can withdraw online. During Weeks 4-7 there will be no tuition refunded. To change to S/U grading please see the link below. The change of grading basis needs to be in by Noon on Friday, May 19.
https://registrar.oregonstate.edu/change-grading-basis

**Graduating Seniors:**
For those students who are graduating either Spring or Summer Terms. Please remember that you need to apply for commencement. The deadline for this is June 4, 2023.
https://commencement.oregonstate.edu/

**Agricultural and Natural Resources Day – Tuesday, May 9**

**Applications for the 2023 Summer/Fall Beginning Researcher Support Program are now open!**

The Beginning Researcher Support Program provides undergraduate students the opportunity to engage in research under the guidance of a faculty mentor and receive $1000 funding from the College. Interested students should read through project descriptions, meet with research mentors to learn more about projects, and submit an application (see below). Research is conducted over two terms (Summer and Fall 2023) and students will present a research poster at either the annual CAS Career Fair & Student Showcase in October or the Ag & Natural Resources Day event in May.

Click [here](https://registrar.oregonstate.edu/change-grading-basis) to learn more about this opportunity and to view available research projects.

**Eligibility**
- **Students** must be enrolled in a College of Agricultural Sciences **undergraduate major** while conducting a project.
- Preference will be given to freshmen, sophomores, first-year transfers, or other students who do not have previous research experience.
- **Ecampus students** are encouraged to apply - some of the projects require Corvallis-based lab or field work, but others are hybrid or entirely remote.

To apply
- The student application will be open until May 12 @ 11:59pm.
- Applicants can select up to two projects they are interested in.
- Applicants will need to upload a resume, unofficial transcript, and a cover letter for each of their two selected projects.

Job/Internship Posting Information:
When conducting your job or internship search it is important to be aware of any possible misrepresentations that may exist. Therefore, we encourage you to read the following information so that you avoid any unfortunate situations. Oregon State University College of Agricultural Sciences (CAS) makes no representation, warranty or guarantee about the positions listed. CAS does not prescreen employment or internship opportunities that are submitted. By using the resources available, you are assuming full responsibility for your safety, security, wages, working conditions, fraudulent, or other aspects of any off-campus employment/internship opportunities that you discover while using CAS resources.

USDA Job Position:
I received this from an alumni, you are welcome to contact him if you have any questions. The new economist will be working directly with him.

USAJobs posted a vacancy announcement for an Agricultural Economist at the GS 9-13 level. Below is a link to the vacancy announcement that closes on May 11.
