Good morning. Hope everyone is doing well. Here we are at the middle of the term. Spring Registration Information will follow this email. Here are some announcements for this week.

**Last day to change to S/U grading or withdraw from a course:**
The deadline is Friday, February 18. You can withdraw online. To change to S/U grading you will need to get your form in by NOON on Friday, February 18, see the link below. [https://registrar.oregonstate.edu/change-grading-basis](https://registrar.oregonstate.edu/change-grading-basis)

**Accelerated Master’s Platform (AMP):**
We have a program here that you can apply to our MS program during your Junior year. You need to have a 3.25 GPA and have completed 105 credits.

The application deadline will be Friday of Finals Week this Winter Term **Friday, March 18**. You apply through the Graduate School website. You will need to make sure you find the AMP application. In addition, you will need a code from myself. You won’t be charged an application fee.

How does it work? Successful applicants can apply a maximum of twelve graduate credits taken during their undergraduate senior year to both their undergraduate and master’s degrees. Students in this program will complete the same requirements as all MS students in Applied Economics, including choosing an area of concentration. If you have any questions on this, you can talk to me during your Spring Term advising appointment or if you want to schedule, a separate appointment that would be fine.

**Job/Internship Posting Information:**

When conducting your job or internship search it is important to be aware of any possible misrepresentations that may exist. Therefore, we encourage you to read the following information so that you avoid any unfortunate situations.

Oregon State University College of Agricultural Sciences (CAS) makes no representation, warranty or guarantee about the positions listed. CAS does not prescreen employment or internship opportunities that are submitted. By using the resources available, you are assuming full responsibility for your safety, security, wages, working conditions, fraudulent, or other aspects of any off-campus employment/internship opportunities that you discover while using CAS resources.

**OSU ScholarDollars:** Oregon State’s new online scholarship search and application system, ScholarDollars, is now accepting applications for more than $50 million in 2022-23 scholarship funds. OSU students may complete one application to be considered for more than 1,600 campus-based scholarship opportunities. Students are encouraged to submit their ScholarDollars applications between Nov. 1, 2021, and Feb. 15, 2022, to
maximize the number of scholarships for which they will be considered. https://scholarships.oregonstate.edu/scholardollars.

That is all I have for now.

Have a good week.

Tjodie
