Students,

Hope everyone is doing okay and hanging in there for this term. Spring Registration continues and I will send that info out shortly. Here are some announcements for this week.

**Spring Ahead this Sunday, March 10:**
This is just to let you know to spring ahead one hour on Sunday, March 10 as we go back to daylight savings time.

**Workshops on Farm Transfer and Access to Land:**
Rogue Farm Corps is hosting "Changing Hands: A Workshop on Farm Transfer and Access to Land" in Corvallis on 03/06. Come out for a full day of training on succession planning and land access. There will also be facilitated networking throughout the day to introduce landseekers to landowners.

*If you are a retiring farmer,* come learn from experts about how to pass on your business to the next generation.

*If you are an aspiring farmer,* come learn about creative ways to start your farm business with topics on finding and leasing agricultural land, business planning and accessing financing.

The day-long workshop starts with breakfast at 8:00 am. The program begins at 8:30am and goes until 3:45pm, with light breakfast and lunch included. Registration is just $20, including meals.

Event Details and Registration:
**Corvallis** - Wednesday, March 6, 2019 -875 SW 26th St, Corvallis, OR 97331 LaSells Stewart Center
Facebook Event page

Questions? Contact Ashley Rood here: ashley@roguefarmcorps.org

**For International Students:**
**OPT (Optional Practical Training) Workshop: F-1 International Students**
Tuesday, March 5th, 3-4 pm, Johnson Hall 124

Join OIS and the Career Center for a workshop to learn about the requirements, process and timeline for your OPT authorization! We will also explore job search tools and discuss career search strategies. Room capacity is limited, register [HERE](#) to reserve your space.

**Accelerated Master’s Platform (AMP):**
We have a program here that you can apply to our MS program during your Junior year. You need to have a 3.25 GPA and have completed at least 105 credits.
The application deadline will be Friday of Finals Week this Winter Term Friday, March 22. You apply through the Graduate School website. You will need to make sure you find the AMP application. In addition, you will need a code from myself. You won’t be charged an application fee.

How does it work? Successful applicants can apply a maximum of twelve graduate credits taken during their undergraduate senior year to both their undergraduate and master’s degrees. Students in this program will complete the same requirements as all MS students in Applied Economics, including choosing an area of concentration. If you have any questions on this, you can talk to me when you come in for Spring Term advising or if you want to schedule, a separate appointment that would be fine.

**Job/Internship Posting Information:**
When conducting your job or internship search it is important to be aware of any possible misrepresentations that may exist. Therefore, we encourage you to read the following information so that you avoid any unfortunate situations. Oregon State University College of Agricultural Sciences (CAS) makes no representation, warranty or guarantee about the positions listed. CAS does not prescreen employment or internship opportunities that are submitted. By using the resources available, you are assuming full responsibility for your safety, security, wages, working conditions, fraudulent, or other aspects of any off-campus employment/internship opportunities that you discover while using CAS resources.

**Job, Internship and Scholarship Opportunities:**
Here is the link for jobs and internships. Please check it out.

**OSU Retirement Association Scholarship:**
OSURA has awarded scholarships in the past to CAS students whose focuses were on food science and animal sciences. We hope other students interested in promoting healthy aging will also apply from your college. Below is the notification.

The OSU Retirement Association provides scholarship support to undergraduate students at Oregon State University who are pursuing a course of study that may lead to a career promoting healthy aging. That term includes all aspects of “health” -- physical, emotional, social or financial. Currently enrolled OSU undergraduate students who have completed at least one academic year at OSU, have a cumulative GPA of 3.4 or above, and have at least one year of study remaining towards their first bachelor’s (BA or BS) degree, are encouraged to apply. The scholarship amount may be up to $2,000 per person and will be awarded at the OSURA Annual Meeting in May. Funds will be distributed into student accounts for the 2019-2020 academic year.

The deadline for application is Monday, March 11, 2019. To apply or for more info, visit https://osura.oregonstate.edu/osura-scholarship or contact Mealoha McFadden at Mealoha.mcfadden@oregonstate.edu or 541-737-6522.
**Nutrien Ag Solutions in Tangent Internship:**
This position would start as an internship with the potential to develop into a career as a crop consultant. Attached to this email is a copy of the Tangent location’s job description. This position is also available in our Cornelius, Rickreall, and Salem. Please have students email me with any questions or interest at ryan.vanhouten@nutrien.com. Please see the attached file.

**Marine Studies Initiative Summer Internship:**
The Marine Studies Initiative is pleased to announce **MSI sponsored Summer 2019 internships**. These internships are available along the Oregon Coast and available to OSU students from any major. The areas of focus include **arts, science filmmaking, whale research, engineering, tourism, and education, policy and outreach**. Group housing is provided as well as a stipend of up to $6,100. Please see our **website** for more details.

The application can be found [here](#).
The application requires a cover letter, resume, two recommendation letters, and unofficial transcripts.
**Deadline to apply is March 22, 2019**

If you have any questions, please email our Academic Advisor Cynthia Leonard at cynthia.leonard@oregonstate.edu
There are many more marine-related summer internships available. If you are interested in other opportunities, please check out the [2019 Summer Internships page](#) on our website.

**Summer AFRI REEU Program:**
This is a summer research opportunity in Big Data in Agriculture. Please see attached flyer.

That is all I have for now.

Have a good week.

Tjodie
